LOT 2019

An early 18th century oak bible box, the sloping hinged lid above a frieze carved with initials and dated 'IT 1727', raised on turned and block legs, height 92cm, width 76cm, depth 46cm (some alterations).

Estimate: £150 - £250

Condition Report

2019. Quite a nice old genuine piece, with some old cracks and chips commensurate with its age. The base section appears to have been made-up in the 19th century and has some old historic woodworm to the legs and stretchers. The large patch of woodworm to the main stretcher could be active and could do with treating.
