LOT 507

A gold, platinum and diamond five stone ring, claw set with the principal circular cut diamond to the centre, detailed 'Plat 18ct', weight 3.6g, ring size approx P1/2.

Estimate: £400 - £500

Condition Report

The ring is currently rather dirty and will benefit from a clean.

The diamonds are generally bright white stones.

Under x10 magnification - centre stone has a few black inclusions under the table, with a few more towards the girdle. Slight nick to one bezel facet edge.

Both side stones have a surface reaching inclusion. One has a chip to the girdle/pavilion between two claws.

The outer stones have a few inclusions, one has some slight abrasion to the table facet edge.

Typical light scratching to the shank.

Carat weights all approximate and limited by the setting:

centre stone approx. 0.40ct

side stones approx. 0.20ct each

outer stones approx. 0.05ct each
