

Jewellery / Wednesday, 8th June 2022 / Lot 694

### LOT 694

A 9ct white gold and diamond cluster ring, mounted with the principal circular cut diamond between diamond set shoulders, designed as foliate sprays, detailed 'Emmy London 0.33', weight 2.7g, ring size approx L1/2.

Estimate: £100 - £150

---

### Condition Report

Currently the ring is rather dirty. The central diamond as a result is looking a little yellow and cloudy, this may improve once the ring has been cleaned.

The stone looks to have one or two inclusions under x10 magnification.

Smaller diamonds look to be bright white stones, with one or two inclusions.

Otherwise with minor thinning to the shank and typical light scratching.

Principal diamond approximately - 0.25ct
