LOT 1067

A Chinese pale celadon jade buckle, probably late Qing dynasty or later, the shaped square panel carved in relief with a crane and smaller bird, length 7cm.

Estimate: £100 - £150

Condition Report

1067. Generally good condition. One corner on the back of the buckle appears to have been polished down a little bit and some very minor scuffs to edges and highpoints. Dark hairline inclusion running from one corner across the back panel. All of this is visible in the images on our website.
