LOT 705

A platinum and diamond three stone ring, claw set with a row of circular cut diamonds, the principal diamond mounted to the centre, detailed 'Plat', weight 4.3g, ring size approx M1/2.

Estimate: £1,500 - £2,500

Condition Report

Unfortunately we are unable to provide a professional grading for the diamonds.

Total carat weight approx. 2.10-2.20ct.

Centre stone - has a long feather directly below the table, brownish tint, running the full length of the table, this is noticeable without magnification.

Side stone - has two feathers on one side by the girdle reaching to the edge of the table, noticeable without magnification, slightly discoloured.

Side stone 2 - has a couple of feathers below the side of the table, one is surface reaching. There are a few black inclusions under the table and to the side, noticeable without magnification. A claw is hiding a sizeable chip to the girdle/pavilion.

The diamonds in general look to be white, bright stones.

The mount is in generally good condition.
