LOT 744

A gold, seed pearl and turquoise oval pendant locket, the front applied with a six pointed star shaped motif, indistinct mark, weight 2.2g, length 4.8cm.

Estimate: £200 - £250

Condition Report

There is an indistinct foreign mark to the suspension loop, otherwise the piece is unmarked. Untested, but it has the appearance of being higher than 9ct.

The turquoise and pearls are all in generally good condition. The pearls having an attractive lustre. They are all currently secure within their settings.

Tiny dent to the back of the locket. There are some faintly engraved letters/symbols to the back of the locket, possibly a pawnbrokers mark?

The interior has some old scratches where it has possibly been tested for gold in the past.

Generally light surface scratching/wear overall. The hinge in good working order.
