### LOT 2362

A Luristan verdigris bronze sword, circa 1500 BC, with double-edged blade and integral cast handle with fluted grip and openwork pommel, total length 77cm.

Estimate: £200 - £300

---

### Condition Report

2362. The sword has an overall verdigris surface with areas of pitting and wear towards the end of the blade, but otherwise it is in generally good order.

Consigned by a local house clearance firm.
