### Condition Report

2165. Both chairs are covered in a thick paint, so difficult to see all faults, but one chair seems to be in reasonable order with no obvious breaks or repairs. The other has a section of back missing at its lower left area, as well as damage to the seat panel. It has a repaired break to the rear leg and has one front leg wired to the stretcher. Extra repair and support added to rear edge of back and seat joint. Both chairs with rusty areas.
