### LOT 2629

A Victorian walnut table-top stereoscopic viewer, raised on a graduated rectangular base, length 61cm, a small group of mahogany mounted viewing sliders, magic lantern slides and two hand-held stereoscopic viewers.

Estimate: £70 - £100

### Condition Report

2629. The base of the viewer is slightly warped so it does not quite sit flat on a table top. There are some overall minor surface cracks and scuffs to the veneer and it is missing the finials to the metal support rods.
