LOT 1034

A Chinese famille verte yellow ground porcelain jardinière, painted with fish and weeds on a yellow ground, the green rim with black keyfret border above a turquoise glazed interior, height 17.3cm.

Estimate: £250 - £350

Condition Report

In good condition overall with no cracks, chips or restoration.

The jardinière has obviously been used in the past as a plant pot as there is limescale residue to the base interior. There are also a lot of noticeable scratches to the base underside and lower body above the foot probably where the jardinière has been placed in a dish or saucer at length in the past.

Otherwise the glaze has some typical light crazing and more insignificant and expected light surface scratches.

We do not believe this jardinière to have a great deal of age, but it is difficult to determine exactly.
