LOT 577

A 9ct gold ring, claw set with an oval cut amethyst, London 1972, weight 8.6g, ring size approx N, with a case.

Estimate: £60 - £90

Condition Report

Under 10x magnification there are a couple of tiny nicks to one or two facet edges nearest the girdle, with some general polish marks/lines on some facets, one or two light scratches amongst them, largely insignificant. Couple of small surface reaching inclusions evident at the girdle but only really noticeable under magnification. Otherwise the ring has been resized in the past. Typical light scratching to the shank.
