LOT 2005

A Regency rosewood and brass inlaid breakfront side cabinet, probably by Gillows of Lancaster, the four doors inset with gilt brass trellis panels and carved pilasters, height 95cm, width 168cm, depth 44cm (faults and loss to trellis).

Estimate: £300 - £500

Condition Report

2005. Overall marks and wear to surface of top, as well as loss to the veneer on the edge of top. Loss of most of the beaded banding to sides and a few small areas to front - no loose pieces present. Damage and loss to the metal trellis panels, with only a few loose pieces present. Loose section of frieze on left side of one of the central front legs. Some of the interior retaining trim on the doors is missing and overall surface scuffs, marks and wear.
