LOT 1724

A matched pair of Bohemian white overlay cranberry glass vases, late 19th century, of tulip shape, enamelled with floral panels, heights 24cm and 23cm, together with a green centrepiece bowl with turnover rim, gilt overall with foliate scrollwork, gilt printed shield mark to base, height 19cm.

Estimate: £150 - £200

Condition Report

Smaller cranberry vase with gilded small chip to top rim edge - a manufacturing issue. Otherwise both cranberry pieces in good condition overall with light typical wear to gilding and enamels.

The green bowl is in good condition overall with no cracks, chips or restoration, the gilding displays typical minimal wear. There is an unpolished ring to the inner concave part of the bowl which suggests an element (such as a flower frog) may have originally been in place.
