

Jewellery / Wed, 2nd November 2022 / Lot 710

LOT 710

A gold and diamond ring, mounted with the principal Old European cut diamond in a star shaped setting, otherwise in a wide scrolling design, mounted with smaller Old European cut diamonds, hinged to a scroll link shank, previously expandable, unmarked, weight 7.5g, principal diamond weight approx 0.60ct, ring size approx K1/2, with a case.

Estimate: £400 - £600

Condition Report

All carat weights and gradings are for guidance only, they are estimations and limited by the jewellery settings. The principal diamond weight approx 0.60ct. Clarity approx I1, colour approx I. Other diamonds generally approx SI clarity.

The ring used to have an expandable shank, due to wear it was later strengthened to the interior with a piece of gold coloured metal, unmarked, which now prevents the shank links from moving. The head of the ring is hinged to the shank, one side is quite loose. Typical light wear to the setting/shank otherwise.
