### Condition Report

All carat weights and gradings are for guidance only, they are estimations and limited by the jewellery settings.

Sapphire weight approx. 0.90ct The sapphire is of medium to dark colour saturation. It appears to be a fairly inclusion free stone. There are a couple of nicks to the girdle and to the odd facet edge but these are minimal.

Total diamond weight approx. 0.30ct. Diamonds clarity approx SI, colour approx I/J.

Two diamonds have large chips to the pavilions

The ring has typical light surface wear/scratching to the shank/setting.
