LOT 582

A late Victorian gold, diamond and seed pearl ring, mounted with the cushion cut diamond within a surround seed pearls, with seed pearl set shoulders, detailed '18ct', weight 4.2g, ring size approx M.

Estimate: £150 - £200

Condition Report

The diamond is an old cut stone, it is open backed but the back is compacted with dirt currently.

No evidence of enamel, the ring is particularly dirty and the metal discoloured.

One pearl is badly damaged, others are beginning to peel in places.

Typical light scratching to the shank and setting.

The diamond weight is possibly 0.05ct.
