Condition Report

214. Relined. Paint considerably thin as a result of previous cleans. Heavy craquelure throughout and paint looks a little unstable in areas. UV examination highlights overpainting and filling throughout, including to the sitter and dog, but more to the background. Some paint loss and scuffing around the edge of the canvas where it is a little loose in the frame. Inner slip has shifted. Frame with some chips and scuffs to extremities, but overall ok.

Provenance: consigned from the estate of a local private collector.
