LOT 639

A gold ring, mounted with a row of five cushion cut diamonds between a row of five cushion rubies and a row of five cushion cut sapphires, unmarked, weight 3g, ring size approx L1/2.

Estimate: £180 - £220

Condition Report

There is the remains of a hallmark, but the ring has been resized in the past and the loss of the majority of the hallmark is a result. We cannot be certain as to the grade of gold.

We do not think the ring is French.

Slight rubbing to the tops of the rubies and sapphires. Would benefit from a professional clean.
