### Condition Report

Brooch - loss of hair work to the pendant drop, two or three roundels of hair within the border are beginning to come apart, the centre and the back are in good condition.

Earrings - the roundels of hair to the surround have some damage, one gold foliate motif has broken away from the centre, with minor loss of gold work to the leaf.

Chain - the swivel is heavily tarnished and is probably a replacement, there is a minor area of hair work beginning to breakdown where it meets the swivel.
