

Jewellery / Wed, 30th November 2022 / Lot 726

LOT 726

A white gold and synthetic ruby solitaire ring, probably American, of shaped geometric form with foliate engraved shoulders, detailed '14K', weight 7.2g, ring size approx S1/2, with a case.

Estimate: £150 - £250

Condition Report

There is some minor abrasion to the facet edges of the cut corners of the synthetic ruby, with the odd light scratch to a facet.

Minor rubbing to the engraved shoulders, otherwise typical slight scratching to the shank/setting.

The '14K' mark gives us the impression the ring could be American.
