LOT 628

A gold, emerald and diamond ring, mounted with three circular cut emeralds alternating with two circular cut diamonds, weight 3.5g, detailed '18ct', ring size approx N1/2, with a case.

Estimate: £100 - £150

Condition Report

Heavy wear to the mount/shank where the ring has been worn against other rings.

Some claws have been re-tipped in the past.

Central emerald is quite pale in colour saturation, the side emeralds are fairly opaque and of deeper colour saturation. Some general wear to the stones.

The ring has four sets of two diamond points at intervals. The principal diamonds are approx. 0.15ct each.
