

Cameras and Scientific Instruments / Thu, 8th December 2022 / Lot 1248

LOT 1248

A collection of Leica cameras and accessories, including an M3 camera, No. 964591, circa 1959, with Summicron 1:2/50 lens, leather cased, a Leica III camera, No. 153893, circa 1935, with Summar f=5cm 1:2 lens, three viewfinders, a Hektor f=13.5cm 1:4.5 lens, a Super-Angulon 1:4/21 lens, a Leica-Meter MC and Otsro 1:4.5/135 extension tube and a P. Angenieux Paris Type Y1 F.90 1:2.5 lens.

Estimate: £600 - £900

Condition Report

1248. M3 camera - generally good condition but a little dusty and dirty, typical light surface scratches and wear particularly to the top and base. Few minor areas of corrosion to metalwork and minor loss to black body covering to one edge. Camera winds and fires. Lens in good order, typical light surface scratches and wear.

Leica III camera - generally good condition but a little dusty and dirty. Typical light surface scratches and wear particularly top and base. Small dent and deeper scratch to the right of 'D.R.P.' on top. Lens with typical light surface scratches and wear but otherwise good. Camera winds and fires.

Super-Angulon - generally good condition, typical light surface scratches and wear. No significant damage or repairs.

Hektor lens - wear and scratches to black enamelling. Also a little dirty and dusty. Some light spotting to glass.

Extension tube - generally good condition with typical light surface scratches and wear and a little dusty and dirty.

Leica-Meter MC - dented, glass cracked and scratches/wear.

Small 21mm viewfinder - typical light surface scratches and wear, otherwise good.

Leitz New York viewfinder - wear and loss to black enamelled coating as well as scratches and wear.

Large black textured viewfinder - good condition, minor scratches and wear, little dusty.

Angenieux lens - generally good condition but surface scratches and wear.
