

Cameras and Scientific Instruments / Thu, 8th December 2022 / Lot 1239

LOT 1239

A W. Watson & Sons Ltd black enamelled and lacquered gilt brass 'Service' microscope with rack and pinion focusing and plano-concave mirror, cased, together with a set of chemist's balance scales, within glazed case.

Estimate: £80 - £120

Condition Report

1239. The microscope appears to be in generally good working order, if a bit dusty and dirty, with typical light surface scratches and wear. Rack and pinion, and fine focusing working smoothly and all other functions appear to be in working order.
