Condition Report

In good condition overall with no cracks, chips or restoration.

The glaze overall has some typical light surface scratches/wear and manufacturing blemishes, the most noticeable being at least 5 very small digs/scratches to the glaze beneath the tail of the larger red fish which is swimming horizontally, and above and on the tail of this fish there are at least 4 small (pinhead sized) burst air bubbles to the surface of the glaze - a manufacturing issue.

The glaze is not crazed.
