LOT 1418

A set of six Royal Crown Derby coffee cups and saucers, circa 1905-06, decorated with Imari pattern No. 1660, cased.

Estimate: £100 - £150

Condition Report

Small chip to underside edge of one saucer - not really noticeable when viewed from the front. One cup has some minor wear to the gilt rim. Otherwise the cups and saucers are in good condition overall with no other damage and good strong enamels and gilding.

The case exterior is looking tired and not in great condition, with staining and peeling. The interior of the case is a little stained but nothing terrible.
