LOT 2008

A Queen Anne walnut swing framed mirror, the shaped frame above a feather banded base, height 70cm, width 40cm.

Estimate: £200 - £400

Condition Report

2008. Generally good overall appearance and condition, having had some areas of minor restoration, including some sections of reveneering to rear edge of sides, a few small areas of crossbanding replaced, replaced feet and some replaced beading around bottom edge. There is a light cup mark to the top, some minor lifting to areas of veneer and the drawer has lost some interior compartments.
