LOT 125

Ernst Heinrich Karl von Dechen - 'Geognostische Übersichts-Karte von Deutschland, Frankreich, England und den angrenzenden Laendern' (Geological Map of Western Europe), engraving in 21 sections with near period hand-colouring, folding and backed onto linen, published by Simon Schropp & Co., Berlin 1839, overall 66 x 89cm, within cloth covered boards with gilt titles (one board detached).

Estimate: £600 - £1,000

Condition Report

125. Overall light browning and age toning. Some sporadic pale foxing and colours are a little muted, but more through toning than fading. Panel with Cornwall on has a small tear and associated fold. Linen remains ok with no tears or repairs, cloth cover detached. Ownership name in ink to reverse.
