LOT 56

William Nicholson - New College, Oxford, lithograph, signed in ink, published by the Stafford Gallery circa 1905, 37cm x 27cm, within an oak frame.

Estimate: £40 - £60

Condition Report

56 - Some browning within the window mount to the image area. Unfortunately at some stage it has slipped in the mount so is a little uneven (see additional images). Because of the toning any foxing is hard to see but it is apparent to the border when examined out of frame. Some fading. Paper tipped onto paper to the top corner with minor staining as a result.

Mount and backing are not archival. Frame with minor scuffs and scratches.
