LOT 609

A Victorian gold, opal and garnet seven stone cluster ring, unmarked, weight 1.9g, ring size approx N1/2.

Estimate: £70 - £90

Condition Report

A little bit of surface wear to the opals. One of the opals has a surface chip.

The underside of the head of the ring may originally have been fitted with a glazed locket compartment.

The ring is unmarked, likely to be 9ct gold.

The ring would benefit from careful professional cleaning.
