LOT 117

Ashton Cannell - 'Essex Estuary', 20th century watercolour, signed recto, titled and dated '83 to label verso, 32.5cm x 47cm, within a gilt frame.

Estimate: £100 - £200

Condition Report

117. Generally ok. Some, foxing mostly to the lower half, which has bleached the watercolour rather than darkened. It has probably faded a little, but colours remain ok. Mount has a heavily discoloured cut-edge which has slightly affected the watercolour around the edge. The mount and backing are not archival. Frame with minor scuffs and scratches and a knock top-left.

This work has not been examined out of the frame.
