LOT 2519

A modern glass and wrought metal hanging sculpture of stylized vertebrae form, comprising sixteen shaped glass panels connected to a metal frame interspersed with lights, length 209cm, width 36cm.

Provenance: from the estate of Jeannette and Wilfred Cass, Cass House, Goodwood, Chichester.

Estimate: £200 - £400

Condition Report

2519. One of the 'vertebrae' has a small chip to one corner, but otherwise the rest of the glass panels are intact. There are a few of the retaining screws missing that attach the glass to the column. The lights appear to have been later additions, so there are two glass blocks that are with the Lot that have been removed to make space for light bulbs.
