Condition Report

1115 - The watch is in generally good condition. Typical scratches to case and minor scratches to glass but no cracks. Dial in good order. The watch winds and adjusts from the winder/crown and is currently working but please be aware we give no guarantees to working order or reliability of any clock or watch. The chrono features are working correctly with centre seconds returning back to 12 o'clock, however the odd time it does not go back perfectly vertical.
