## Condition Report

1121 - The watch is in generally good condition. Typical surface scratches and wear. Glass also scratched but no cracks. Dial has some specks and spotting but nothing too significant. The scratches that appear in the online images are to the glass not the dial. The watch is an automatic wind and is currently running but please be aware we give no guarantees to working order or reliability of any clock or watch. The time adjusts smoothly from the winder/crown.
