### Condition Report

One emerald looks to be doublet replacement. One or two other gemstones have chips.  
One or two pearls are beginning to peel, but overall the pearls have an attractive lustre.  
Some discolouration to the back. The back is initial engraved which is showing signs of wear.  
The hinge is in good condition, opens and closes smoothly.  
The piece would benefit from a clean.  
Only very light wear/scratching overall, fairly good for its age.
