Condition Report

1100. The watch is in generally good clean condition. No significant damage. Typical light surface scratches and wear to case, bracelet and glass/crystal. A couple of tiny nicks to edge of crystal under x10 magnification, but of not real significance and almost impossible to notice with the naked eye. Small dent to one of the gold links, but again not of any real consequence. The watch adjusts smoothly with date rolling over as it should, and is running but please be aware we give no guarantees to working order or reliability of any clock or watch. Winding button screws down tightly as it should.
