LOT 659

A single row necklace of graduated cultured pearls on a gold backed, silver set and diamond cluster clasp, diameter of clasp 1cm, length excluding clasp 49.5cm, with a Collingwood Ltd case.

Estimate: £150 - £200

Condition Report

The pearls have an attractive silvery lustre. There is some slight variation to the shape of some of the pearls and many have the odd natural surface imperfection.

They are currently knotted between the beads but we would recommend having the piece re-strung before wear anyway.

Total diamond weight approx. 0-.40-0.50ct.

Diameter of largest bead 8.5mm, diameter of smallest bead 4mm.

Clasp in working order and safety chain in good order too.

The necklace will benefit from a clean.
