LOT 565

A Victorian gold and opal long guard chain, mounted with spectacle set oval opals at intervals, detailed '15c', on a boltring clasp, weight 27.9g, length 143.5cm.

Estimate: £800 - £1,200

Condition Report

The piece has not been tested for gold but is marked '15c', both on a section of the chain and on the boltring. One opal has a chip to the girdle, which is noticeable. One or two other opals have some rubbing, but generally they are in good condition.

The opals are currently all secure in their settings.

The piece has some dirt buildup around the links connecting the opals to the main chain, would benefit from a clean.
