LOT 1864

An Almeric Walter pâte-de-verre glass desk barometer, 1920s, of arched form, housing a circular gauge flanked by moulded foliate decoration above an oblong dished front, incised moulded mark to front edge, length 12.5cm (minor chips to base edge). Provenance: from the collection of John and Poppy Stallebrass.

Estimate: £60 - £100

Condition Report

There is an approx 1cm long by 0.5cm wide flat chip to the underside reverse edge and two smaller nicks to the back base edge. There are typical burst air bubbles to the surface over the back of the piece, but it is in good condition otherwise.

The barometer itself may be a replacement - it has not been tested.
