### LOT 2531

A rare Siebe, Gorman & Co Ltd eight-bolt diver's helmet, the main body plated in chrome and with enamelled oval maker's plaque to front, bearing serial numbers '6409', height 50cm, width 36cm.

Estimate: £1,500 - £2,500

### Condition Report

2531. The plated finish appears to be a later plating and this is quite oxidized in places. We can't seem to undo two of the bolts but the rest do unscrew, so you can detach the bars. There are some minor dents to the helmet but generally the condition is ok. There are a few surface marks to the name plate.
