LOT 709

A gold, mother-of-pearl, turquoise and white enamelled part dress set, comprising a pair of cufflinks, the circular fronts detailed '15', diameter of each front 1.3cm, and a dress stud, detailed '15', total weight 10.4g, with an associated case.

Estimate: £150 - £200

Condition Report

Both cufflinks are generally in good condition, it is only when viewed under a 10x loupe can you see each has a tiny chip to the outer edge of the mother-of-pearl and a number of tiny nibbles to the white enamel borders. The dress stud again under 10x loupe has one or two nibbles to the white enamel border. Typical light surface scratching otherwise, expected with use.
