LOT 694

A gold, jade and varicoloured gem set pendant brooch, designed as a peacock, mounted with a pear shaped central jade within a surround of nine varicoloured gemstones, detailed '14K', weight 4.5g, length 3.9cm.

Estimate: £120 - £180

Condition Report

The piece does have an import mark for Sheffield but we cannot make out the date letter. Possibly 1970s/80s. The piece is in generally good condition, claws appear in good condition. Some of the gemstones include: garnet and amethyst but we cannot be certain of the others. They do appear to have inclusions, so are unlikely to be pastes.
