LOT 644

A gold and sapphire five stone ring, mounted with a row of variously cut cushion shaped sapphires, unmarked, weight 2.7g, ring size approx L.

Estimate: £100 - £150

Condition Report

The piece is unmarked. Possibly mid-20th century.

A few of the claws are showing signs of wear, will need re-tipping.

Evidence of acid test mark to exterior of shank.

Stones do have some minor abrasion to facet edges, with typical inclusions, such as colour zoning. One end sapphire with surface reaching inclusion.

Typical scratching to shank/setting.
