## Condition Report

1055. The spout has been broken where it meets body and resotred with overpainting. The handle is in good order. The body has minor nicks/glaze fritting to edges and corners. The cover has a chip to underside of rim and typical glaze fritting to edges. Also some re-touching and overpainting to sides of cover. Cover is probably no the original as shape differs slightly. Typical surface scratches and wear to enamels on teapot and the cover.
