LOT 572

A gold, seed pearl and green and white enamelled bracelet in a baton shaped link design, on a boltring clasp, detailed '9c', weight 9.1g, length 18.5cm.

Estimate: £180 - £220

Condition Report

The boltring clasp is currently not opening (appears to be jammed).

Generally the enamel has survived, there are a few nicks/chips particularly to the white and green dotted central bands, some noticeable looses when viewed under a 10x loupe.

The main green enamel is generally intact, three or four small areas of loss to the edges.

There is a possible repair/replacement link connecting a pearl, the metal is a silvery colour. There has been a similar repair/replacement to the safety chain, the link connecting one side to the bracelet is silver in colour.

The pearls are generally a little dirty.
