## Condition Report

1073. The watch winds and adjusts smoothly, date rolls over as it should and it is currently running but please be aware we give no guarantees to working order or reliability of any clock or watch.

Some minor marks to dial, but otherwise in generally good clean condition.

Crystal/glass heavily scratched, but otherwise ok.

Case and bracelet with typical surface scratches and wear. Clasp in good working order. Crown screws in tightly.

Movement has some corrosion around edge (see images on our website), so would suggest a service would be sensible.
