Condition Report

1261. Generally good condition, would certainly benefit from a clean.

The case is in generally good order with typical splits to arch of hood, case sides and mouldings. Some alterations/replacements to hinges and locks. Plinth looks like a later addition.

Dial is generally good with typical light wear.

Movement is a bit dusty and dirty, would suggest a clean/overhaul would return it to working order.

Clock winds smoothly and runs, strike mechanism also in working order, but please be aware we give no guarantees to working order or reliability of any clock or watch.
