LOT 2570

A 19th century Swiss music box, the lever-wind mechanism playing six airs on a 9cm cylinder, within a painted wooden case, width 29cm.

Estimate: £70 - £100

Condition Report

2570. Case is badly scuffed and scratched. Hinge is damaged and loose on one side. The mechanism is working and does play all 6 airs, however the spring is gone on the stop/start lever, so it has to be held in place to make it continue through the 6 tunes. Definitely in need of an overhaul.
