### Condition Report

Seed pearl pendant - a later pendant fitting has been added, the piece was likely from the front of a bangle or locket. The seed pearls are generally in good condition, one is just starting to show signs of peeling.

Heart locket - hinge is broken, rubbing and some loss of definition to the engraved decoration, the interior glazing is broken and discoloured.

Art Nouveau pendant - some general signs of cracking to the enamel, small area of surface damage to the enamel on the bottom left side, probably as a result of an impact. Some slight scratching to the setting.
