LOT 685

A gold, yellow sapphire and diamond cluster ring, collet set with the cut cornered rectangular step cut yellow sapphire within a surround of circular cut diamonds, detailed '9ct', weight 3g, ring size approx O.

Estimate: £450 - £550

Condition Report

The sapphire is likely treated, with a wispy feather inclusion to one side of the stone. This inclusion only really visible under a 10x loupe.

Slight abrasion to facet edges of the sapphire.

Ring is in a Georgian style but 20th century.

Possibly resized in the past, thinning to the back of the shank.

Diamonds with some variation of colour and clarity, averaging clarity SI.

Typical light scratching to shank/setting overall.
