Condition Report

PLEASE NOTE

CONDITION REPORT UPDATED 26/10/23 AT 9.15AM.

Unfortunately there has been a breakage during viewing to the beak of the Bowing Crane - this has been temporarily glued to avoid losing the pieces.

Bowing Crane - No.1613 has a few minor and indistinct losses to the applied flowers and foliage.

The girl wearing the hat has a chip to the brim of her hat.

Otherwise each of the items in the lot is in good condition overall with no cracks, chips or restoration.
